In regard to the office of the City Engineer, the Mayor says:

"The report of the City Engineer shows in detail the vast amount of work done under the direction of that department. Since the annexation of new territory the area of the city has almost doubled and is now approximately the senger pulse, with one

Bigging Up Streets.

"Attention is especially called to his recommendation in relation to the digging up of streets after they have been paved, for the purpose of constructing severs and laying gas and water pipes. This constant digging up of the streets is an evil for which there should be a remedy. There should be a remedy. There should be a remedy. There should be constructing severs and this matter, and as far as practicable, severs should be constructed and pipes.

Despair and Despondency

No one but a woman can tell the story of the suffering, the
despair, and the despondency endured by women who carry
a daily burden of ill-health and pain because of disorders and
derangements of the delicate and important organs that are
distinctly feminine. The tortures so bravely endured complettely upset the nerves if long continued.

Dr. Pierce's Favorite Prescription is a positive cure for
weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG,

SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good." It is non-secret, non-alcoholic and has a record of forty years of cures.

Ask Your Neighbors. They probably know of some of its many cures.

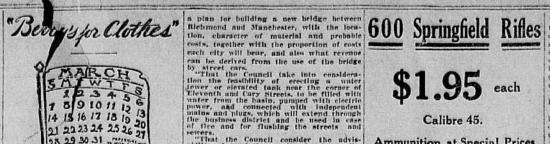

If you want a book that tell, all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Advisor—revised, up-to date edition, in paper covers, In handsome cloth-binding, 31 stamps.
